

Storekeeper Report

Volume 6, Issue 4 - Insert By Mike Bickel (RMBICKEL@STUPP.COM)

November 2005

For those of you who were at the reunion, you know that we had some special double decks made up (double bridge decks they are called) which feature the USS Sirago when she was commissioned on one of the two decks and the other deck showing her as she looked shortly before decommissioning.

When you buy cards like this, you have to buy quite a volume to be able to price them reasonably. I would personally like to encourage ALL of you to buy at least one of these "double decks" of cards as we will not be having them reprinted so the ones we have can be truly considered a "one of a kind" release.

Below you can see them pictured, but unfortunately, doing black & white newsletters doesn't really do them justice as the "commissioning" set is in a dark green color and the decommissioning set is in a dark reddish color. We did "green and red" to not only commemorate the GO and STOP of the USS Sirago, but certainly, those colors were known to us on the boat's "Christmas Tree" valve indicator panel and may now be appropriate for you to think about for THIS Christmas... a present for yourself to enjoy.

USE THE BACK OF THIS AS AN ORDER FORM - SEE INSTRUCTIONS - just \$10.00 each.

USE THIS FORM TO ORDER CARDS:

Fill out the information and attach your check for cards per below:

NAME AND ADDRESS WHERE CARDS ARE TO BE SHIPPED:

Name: _____

Addr: _____

City/State/Zip: _____

QUANTITY (how many double decks?): _____

TOTAL = QUANTITY * \$10.00 each: _____

**Make out a check in the amount of TOTAL above to:
"USS SIRAGO"**

and mail the check WITH THIS FORM to:

**Garry Goetschius
3620 Locust Circle East
Prospect, KY 40059-9020**

When Garry (our treasurer) receives this form with your check, he will email me the shipping instructions and I will ship you whatever number of decks you ordered.

Remember... when you do this, you are **HELPING THE ORGANIZATION**. We have plenty of these cards left, and would far prefer to have the value of them in cash than in inventory in my basement. Remember... we are not adding any shipping charges to this order and are just interested right now in getting our cost back from the investment and also to give you a lasting memory of the Sirago.

Many thanks

Mike Bickel – Storekeeper
